## RUTLAND GETS REQUESTS

Thirty Thousand Dollars For Hospital and Library

Rutland, July 23.—The two legacies made a year ago by Mrs. George H. Cutts of California, formerly Mrs. John W. Cramton of this city, to the Rutland hospital and the Rutland Free library, arrived here today. The delay was due to the necessity for settling up the estate and the length of time given in California for such purpose.

The sum of \$20,000 goes to the Rutland hospital, and was received by E. P. Gilson, treasurer of the hospital association. The sum of \$10,000 goes to the library, and was received by Mrs. John W. Ross, president of the library association.

Mr. Gilson stated that in all probability the \$20,000 would be instituted as a fund, and the income used as seemed wise. It is not, at present at least, proposed to use the principal.

The money received by the library will in all probability be made into the nucleus of a building fund, according to various officers of the association and allowed to accumulate.

## NO MORE SCORE BOARDS

They Reduce Receipts of Philadelphia Ball Club

Philadelphia, July 23.—The management of the Athletics, the American League baseball club, has forbidden the further operation by newspapers or other news distributing agencies of baseball score boards on which the games in this city are reproduced on the street play by play. The management takes the ground that the boards are responsible for the loss of more than \$1,000 a day in attendance at the ball park.

Reporters of one Philadelphia newspaper were ejected from the field today and their pass books confiscated when they ignored the request to discontinue the service to outside points.

Furthermore, the relations between the club management and the Western Union Telegraph company and the New York News Bureau, both of which agencies have been accustomed to transmit news of the games as they were played, have reached the breaking point.

The contract with the New York News Bureau in fact has already been cancelled and the arrangement with the Western Union, says Ben Shibe, president of the Athletics, will be terminated at the end of the season unless the company obeys the new orders.

"We will fight this matter to a finish," said Mr. Shibe today. "The loss of business which we suffered during the operation of the special bulletin boards amounted to \$1,000 a day. Connie Mack will substantiate those figures."

"It is just as if everything that was taking place in theatres should be reported free to a crowd outside the house. I don't see why the newspapers want to supply such news. Why don't they give their papers away free? It would be just as reasonable."

"I have cut off the telephone service also which is used by the ticker company to supply news of the games to saloons. We will permit nobody to send out news of the games in detail as they are being played. If any newspaper repeats the practice its representatives will not be allowed to enter the grounds."

## DESERTER GOOD SWIMMER

Scott Gave Essex County Sheriff Long Chase

North Stratford, N. H., July 23.—Thomas Scott, navy deserter, gave two towns the thrills tonight by swimming the Connecticut river under fire of a sheriff's posse. Later the entire town turned out to hunt Scott, who is alleged to be wanted in Texas and by the New York authorities as well.

Scott got the start on Sheriff Richard Beattie of Essex County, T. L. today, when the latter arrested him as a deserter, and jumped into the Connecticut river before the officer could move a hand to prevent him making for Hinman's island in the center of the stream.

Scott even had the audacity to turn over on his back and place a thumb to nose, wriggling his fingers in derision at the astonished sheriff and his party.

During the next 10 minutes there was shooting in plenty after the fashion of a western boom town, with the sheriff and his band sending bullets splattering on the water, but not taking chances in the way of hitting Scott.

Two hours later the man was rounded up and declared he could better the sheriff in marksmanship. He will be delivered to the naval authorities at Portsmouth.
